List of Figures

Experiment: 1

Represent the given discrete-time (sampled data) sytem using pulse transfer function and state space forms.

Scilab code Solution 1.01 Lab01

```
1 // Lab01: (A) Represent the given discrete-time (
    sampled data) sytem using
2 //            pulse transfer function and state
    space forms.
3 //        (B) Observe the responses of continuous-
    time and sampled data system.
4
5 //              scilab - 5.5.1
6 //              Operating System : Windows 7, 32-bit
